HISTORICAL SURROUNDINGS FOR MODERN IDEAS

The Orangerie and the Apothekertrakt on the east side of the Schönbrunn grounds offers you manifold options as a versatile event centre.

It is the ideal setting not only for meetings and conferences, but also exhibitions, trade fairs, dinners and weddings.

The eight rooms and two halls differ in size and flair and are all connected by spacious, light-flooded break areas.

What is so impressive about them is the harmonious interplay between historical building substance and modern adaptation.

The terrace in the Orangerie garden and the Apothecaries' court are available as outdoor areas conveniently connected through direct access points to the ground-level, barrier-free site.
